

The Visual Arts Program of the Lewis Center for the Arts presents

EXTRAORDINARY PROCESSES

A showing of work created by students in the fall visual arts course "Extraordinary Processes," taught by Joe Scanlan. In the course students explored processes through which the ordinary can be transformed into the extraordinary — specifically, the strategic challenge of turning waste material into a viable consumer product.

January 15 - 31, 2018
Gallery open daily 10 a.m.-8:30 p.m.
